

Statement

- **RoHS Directive (EU) 2011/65, Delegated Directive (EU) 2015/863 (RoHS III)**
- **REACH Regulation (EU) No. 1907/2006**

We are pleased to comment on the topics RoHS and REACH below:

Interalloy AG, as a trading company, requests the corresponding declarations from the respective producers and suppliers.

Interalloy AG and Interalloy GmbH is only a user of auxiliary materials for production and obtains these exclusively from specialist companies which have to fulfil their obligations as manufacturers, producers or importers.

As a user, no additional substances get into our stainless steel tube products during processing. We therefore confirm that we comply with the currently valid RoHS and REACH directives.

Please do not hesitate to contact us if you have any questions.

INTERALLOY AG
